

## CURRICULUM VITAE

NAME: Neil David Theise, MD

OFFICE: Division of Digestive Diseases  
Beth Israel Medical Center  
First Avenue at 16<sup>th</sup> Street  
New York NY 10003 USA

CONTACT INFORMATION: 212-674-4505 (home)  
212-420-4246 (work)  
212-420-4373 (fax)  
ntheise@chpnet.org (e-mail)

DATE OF BIRTH: May 29, 1959

SOCIAL SECURITY #: Supplied as needed.

CITIZENSHIP: United States of America  
Federal Republic of Germany

EDUCATION:

1977	William H. Hall Public High School West Hartford, Connecticut, USA Diploma
1981	University of Pennsylvania Philadelphia, Pennsylvania, USA Oriental Studies - BA Computer Science - BAS
1986	College of Physicians and Surgeons Columbia University New York, New York, USA MD

HOSPITAL APPOINTMENTS:

7/86-6/90	Resident, Department of Pathology Columbia-Presbyterian Medical Center New York, New York, USA
10/88-12/88	Fellow, Gastrointestinal Pathology University Hospital New York, New York, USA

1/89-6/89	Fellow, Liver Pathology Royal Free Hospital London, United Kingdom
7/90-6/91	Fellow, Liver Transplant Pathology The Mount Sinai Hospital New York, New York, USA
7/91-6/92	Clinical Assistant, Department of Pathology The Mount Sinai Hospital New York, New York, USA
7/92-6/93	Senior Clinical Assistant, Department of Pathology The Mount Sinai Hospital New York, New York, USA
7/93-6/94	Assistant Attending, Department of Pathology The Mount Sinai Hospital New York, New York, USA
7/91-7/92	Associate Director, Immunology/Flow Cytometry Laboratories The Mount Sinai Hospital New York, New York, USA
7/92-6/94	Co-Director, Immunology/Flow Cytometry Laboratories The Mount Sinai Hospital New York, New York, USA
7/94-1/03	Assistant Attending, Department of Pathology Tisch Hospital New York University Medical Center New York, New York, USA
2/03-present	Attending Dept. of Pathology and Dept. of Medicine, Division of Digestive Diseases Beth Israel Medical Center New York, New York, USA

#### ACADEMIC APPOINTMENTS:

7/86-6/90	Visiting Fellow, Department of Pathology
-----------	--

Columbia University, College of Physicians & Surgeons, New York, New York, USA

- 1/89-6/89 Honorary Lecturer, Department of Histopathology, Royal Free Hospital and School of Medicine  
London, United Kingdom
- 7/90-6/91 Associate, Department of Pathology  
Mount Sinai School of Medicine  
New York, New York, USA
- 7/91-6/92 Instructor, Department of Pathology  
Mount Sinai School of Medicine  
New York, New York, USA
- 7/92-6/94 Assistant Professor  
Department of Pathology  
Mount Sinai School of Medicine  
New York, New York, USA
- 7/94-8/99 Assistant Professor  
Department of Pathology  
New York University School of Medicine  
New York, New York, USA
- 7/98-6/99 Visiting Assistant Professor  
Department of Pathology  
Yale University School of Medicine  
New Haven, Connecticut, USA
- 9/99-1/03 Associate Professor  
Department of Pathology  
New York University School of Medicine  
New York, New York, USA
- 2/03-present Professor, Department of Pathology  
Associate Professor, Department of Medicine  
Albert Einstein College of Medicine  
Yeshiva University  
New York, New York, USA

OTHER APPOINTMENTS:

- 9/97-present Clinical Consultant in Liver Pathology,  
Office of the Chief Medical Examiner,  
City of New York

## TEACHING EXPERIENCE:

Hepatopathology course and laboratory instructor for second year medical students at Mount Sinai Medical School (1991 to 2002) and New York University School of Medicine (1996 to 2003). Teaching hepatopathology and stem cell biology to pathology residents and gastrointestinal clinical fellows (2003-present).

Current regularly scheduled conferences include:

- Quarterly liver clinicopathologic correlation case presentations with gastroenterology fellows at Long Island College Hospital.
- Quarterly liver clinicopathologic correlation case presentations with gastroenterology fellows at St. Luke's – Roosevelt Medical Center.
- Quarterly liver clinicopathologic correlation case presentations with gastroenterology fellows at Beth Israel Medical Center, Petrie Division.
- Weekly liver pathology teaching conference and slide review for gastroenterology fellows at Beth Israel Medical Center, Petrie Division.
- Daily liver biopsy slide review and sign out with pathology residents, hepatopathology fellow, and gastroenterology fellows at Beth Israel Medical Center, Petrie Division.

## CERTIFICATION:

American Board of Pathology, Certified: June 7, 1991

## LICENSURE:

1990 New York State License #171759-1

## HONORS:

1977-1981	Benjamin Franklin Scholar University of Pennsylvania
1985	Dean's Research Award Columbia University College of Physicians and Surgeons
1999	Moncada Award Outstanding Scientific Paper on Cross Sectional Imaging Society of Computed Body Tomography and Magnetic Resonance, New Orleans LA.
2000	Shirley Award for Contributions to Liver Disease Research Mary Lea Johnson Richards Liver Research Institute
2001	Transplantation/Surgery State of the Art Lecture American Association for the Study of Liver Disease Annual Meeting, Dallas Texas

2002                      Teacher of the Year, Class of 2004  
New York University School of Medicine

2003                      Seventh James O. Gibson Visiting Professor of Pathology  
University of Hong Kong  
November 26 to December 3, 2003

2007                      Outstanding Research Mentor Award  
Beth Israel Medical Center Gastroenterology Fellows

#### GRANTS:

Innovative Seed Grant in  
Clinical Research in Primary Biliary Cirrhosis  
American Liver Foundation  
“Isolation and in vitro growth of bipotent progenitor cells from adult human livers.”  
July 1, 1998 to June 30, 2000  
Principal Investigator

R01 DK58559-01A1  
National Institutes of Health  
“Hepatic engraftment of marrow cells in mice and humans.”  
October 1, 2001 to September 30, 2005  
Principal Investigator

SciArt Award for “Cell”, a science/new media collaborative project.  
Wellcome Trust, United Kingdom  
March 1, 2002 to February 28, 2003  
Co-Principal Investigator, with Jane Prophet.

Singer-Hellman Research Grant  
Beth Israel Medical Center of New York  
“Medical induction of stem cell rescue from hepatic fulminant failure.”  
October 1, 2003 to September 30, 2004  
Principal Investigator

Singer-Hellman Research Grant  
Beth Israel Medical Center of New York  
“Contributions of circulating progenitor cells to tumor growth.”  
October 1, 2004 to September 30, 2005  
Principal Investigator

Pilot and Feasibility Study:  
“Development of a murine model for detection of epithelial label retaining cells.”  
Marrion Bessin Liver Research Center, Albert Einstein College of Medicine  
July 1, 2006 – June 30, 2007.  
Principal Investigator

## PROFESSIONAL SOCIETIES:

- 1989-Present International Liver Pathology Study Group -- Founder and Member
- 1991-Present Hans Popper Hepatopathology Society
- 1992-Present American Association for the Study of Liver Disease
- 2003-Present International Society for Experimental Hematology

## EDITORIAL BOARDS:

- Experimental Hematology
- Comparative Hepatology
- Stem Cell Reviews

## REVIEWER FOR JOURNALS:

- Nature
- Nature Medicine
- Science
- Proceedings of the National Academy of Sciences
- Journal of Clinical Investigation
- Gastroenterology
- Hepatology
- Experimental Hematology
- Cancer
- Cancer Research
- Liver Transplantation
- Journal of Hepatology
- Liver
- Archives of Pathology and Laboratory Medicine
- Mayo Clinic Proceedings
- Gut
- Journal of Hepatology
- Laboratory Investigation
- Experimental Hematology
- Journal of Cellular Physiology
- Transplant Immunology

## POST-GRADUATE TEACHING/RESEARCH PROGRAMS AND INVITED TALKS: (LIMITED TO THE PREVIOUS FIVE YEAR PERIOD):

1. "Hepatic Stem Cells", Falk Symposium No. 132: Disease progression and carcinogenesis of the gastrointestinal tract, Freiburg, Germany, October 9-11, 2002.
2. "Cell plasticity and stochasticity", Institute for Medical Informatics, Statistics and Epidemiology, University of Leipzig, October 14, 2002.
3. "Problems and updates in diagnostic liver pathology", Medical Examiners' Grand Rounds, Office of the Chief Medical Examiner, New York NY, October 24, 2002.

4. "Liver Stem Cells: Prospects for Treatment of Inherited and Acquired Liver Diseases", Post-graduate course, American Association for the Study of Liver Disease, 2002 Annual Meeting, Boston, MA, November 6, 2002.
5. Chair, Consensus Panel on Ductular Reactions in Human Livers, Summary meeting, sponsored by Hans Popper Hepatopathology Society, Boston, MA, November 7, 2002.
6. "Principles of Cell Plasticity", Departmental Seminar, Department of Developmental and Molecular Biology, Albert Einstein College of Medicine, Bronx, NY, December 10, 2002.
7. "Stem cells of the lung", Grand Rounds, Department of Pulmonary Medicine, New York University School of Medicine, New York NY, December 11, 2002.
8. "Stem Cell Plasticity: Prometheus Unbound", Grand Rounds, Dept. of Pathology, Cornell-Weill Medical Center, New York NY, January 15, 2003.
9. "Stem Cell Prospects for Treatment of Liver Diseases", Dept. of Medicine, Division of Hepatology, University of Miami, Miami FL, March 19-22, 2003.
10. "Ductular Reactions in Humans: The New Nomenclature", A report from the consensus panel for the Hans Popper Hepatopathology Society, United States and Canadian Academy of Pathology Annual Meeting, Washington DC, March 23, 2003.
11. "Specificity of hepatocellular markers in plasticity experiments" and wet-lab workshop leader, for "Challenges in the Era of Stem Cell Plasticity: Study, interpretation and significance; clinical prospects; ethical issues", Roger Williams Medical Center, Providence RI, April 8-11, 2003.
12. "Multiorgan Stem Cell Plasticity: Prometheus Unbound", Dept. of Pathobiology, Univ. of Connecticut, Storrs CT, April 24, 2003.
13. "Hepatic Stem Cells: The Blood of Prometheus", Annual Combined Meeting of the Royal College of Medicine/South England Medical Society, Sussex, England, May 1, 2003.
14. "Conversations about Stem Cells and Art", with Jane Prophet, University of Westminster, London, England, May 8, 2003.
15. "Cirrhosis: Stem cell perspectives", Digestive Disease Week, American Gastroenterology Association, Orlando Florida, May 19, 2003.
16. "Updates in Hepatic Stem Cells", Japan Hepatology Society Meeting, Fukuoka Japan, May 23, 2003.
17. "New Principles of Cell Plasticity", American Society of Clinical Oncology, Annual Meeting, Chicago IL, June 1-3, 2003.

18. "Hepatic Stem Cells from Bone Marrow", European Association for the Study of the Liver, Geneva, Switzerland, July 1-7, 2003.
19. Presenter/participant: Carbon versus Silicon: Thinking Small/ Thinking Fast. Banff New Media Institute, Banff, Alberta, Canada, August 7-10, 2003.
20. "New Principles of Cell Plasticity", European Congress on Biotechnology, Basel Switzerland, August 24-28, 2003.
21. "Updates in Liver Disease", International Liver Pathology Study Group, Melbourne Australia, September 4, 2003
22. "Stem Cells: Perspectives in the Treatment of Liver Disease", 5<sup>th</sup> International Meeting on Therapy in Liver Diseases, Barcelona Spain, September 24-26, 2003.
23. "Hepatocytes from Extrahepatic Stem Cells" Falk Symposium No. 138: State-of-the-Art of Hepatology: Molecular and Cell Biology, Freiburg, Germany, October 20-21, 2003.
24. "Hepatocarcinogenesis in Humans", 10<sup>th</sup> Anniversary Scientific Program of Hong Kong Academy of Medicine, Hong Kong PRC, November 28-30, 2003.
25. "Updates in adult stem cell plasticity", Berlin Academy of Sciences. Panel for stem cell therapies. Berlin Germany, February 12-14, 2004.
26. " 'Controversies' in adult stem cell plasticity", Univ. of Wittenburg School of Medicine, Halle Germany, February 16, 2004.
27. " 'Controversies' in adult stem cell plasticity", Proyecto de Terapia Génica de la Hematopoyesis, CIEMAT, Madrid Spain, February 18, 2004.
28. "Adult stem cell plasticity: 'Controversies' and updates", Primate Center, Tulane University, New Orleans LA, March 12, 2004.
29. "Therapeutic prospects of stem cells for pediatric gastrointestinal and liver disease", World Congress of Pediatric Gastroenterology, Paris, France, July 5, 2004.
30. "Techniques for investigation of cell plasticity in tissues", International Society for Experimental Hematology, International meeting, New Orleans LA, July 17, 2004.
31. "Advances and controversies in liver transplantation: Stem cells", International Academy of Pathology, Bi-annual meeting, Brisbane Australia, October 14, 2004.
32. "Ductular reactions" in Hepatopathology Short Course, International Academy of Pathology, Bi-annual meeting, Brisbane Australia, October 14, 2004.
33. "Current topics in adult stem cell plasticity." Annual grand rounds, New York College of Osteopathic Medicine, New York, October 27, 2004.

34. "Liver stem cells." Early morning breakfast workshop. American Association for the Study of Liver Diseases, Annual meeting, Boston MA, November 2004.
35. "Liver pathology short course", United States and Canadian Academy of Pathology, San Antonio TX, USA, March 2005 (five year tenure).
36. "Adult Stem Cells: Plasticity, Trafficking and Therapeutic Placement." International Society for Magnetic Resonance in Medicine Annual Meeting, Miami FL, May 11, 2005.
37. "Cell Lineages as Complex Adaptive Systems: Hierarchies and the Nature of Body." Stem Cell Math Lab '05 - 2nd International Workshop on Concepts and Mathematical Models of Tissue Stem Cell Organization, Leipzig, Germany, May 27, 2005.
38. "Updates in adult stem cell plasticity." Research conference, Dept of Gastroenterology, Brown University, Providence RI, October 19, 2005.
39. "Emergent themes in stem cell biology: Plasticity and complexity." Grand Rounds, Dept of Gastroenterology, Brown University, Providence RI, October 20, 2005.
40. "Liver stem cells." Early morning breakfast workshop. American Association for the Study of Liver Diseases, Annual meeting, Boston MA, November 2005.
41. "Human hepatocarcinogenesis and design of chemoprevention clinical trials." Grand Rounds, Dept of Hematology and Oncology, University of New Mexico, Albuquerque NM, December 5, 2005.
42. "Plasticity, complexity, uncertainty: Exploring stem cells, bodies, and life." Finding Fluid Form Symposium, University of Brighton, Brighton UK, December 10, 2005.
43. "Updates in chronic hepatitis grading and staging." Liver-Pancreas Long Course, United States and Canadian Academy of Pathology annual meeting, Atlanta GA, February 15, 2006.
44. "Liver pathology short course", United States and Canadian Academy of Pathology, Atlanta GA, February 17, 2006.
45. "Emergent themes in liver stem cells: niche, quiescence, self-renewal, and plasticity", Grand Rounds, Dept. of Pathology, University of Chicago, Chicago IL, February 28, 2006.
46. "Post-modern biology for the pathologist." Department of Pathology Research Seminar, Albert Einstein College of Medicine, NY NY, June 13, 2006.
47. "Cell based therapies for the treatment of alcoholic liver disease." 29th Annual Scientific Meeting of the Research Society on Alcoholism, Baltimore MD, June 25, 2007.
48. "Agent based systems biology applications to the study of hepatic stem/progenitor cells", Systems Biology of Mammalian Cells, annual meeting, Heidelberg Germany, July 14, 2006.

49. "Complexity theory and alternate models of the body: relevance for integrative medicine." Conference on "Longevity and optimal health: Integrating Eastern and Western Perspectives", Columbia Integrative Medicine Program, New York NY September 19, 2006.
50. "Emergent themes in liver stem cells: niche, quiescence, self-renewal, and plasticity", Grand Rounds, Dept. of Gastroenterology, University of Illinois, Chicago IL, January 30, 2007.
51. "Emergent themes in liver stem cells: niche, quiescence, self-renewal, and plasticity", Dept. of Pathology, University of Groningen, Netherlands, February 12, 2007.
52. "Liver pathology short course", United States and Canadian Academy of Pathology, San Diego, CA, March 28, 2007.
53. Various talks on: liver stem/progenitor cells, grading and staging of chronic hepatitis, liver transplant pathology, human hepatocarcinogenesis, diagnosis of human hepatic neoplasia. Asian Academy of Pathology Annual Meeting, Scholar in Residence, Singapore, May 2007.
54. "Microscopes and mystics: Explorations into the nature of body and being through stem cell research and complexity", Dept of Surgery, National University of Singapore, May 28, 2007.
55. "Microscopes and mystics: Explorations into the nature of body and being through stem cell research and complexity", Tibet House, New York NY, June 27, 2007.
56. "From histology to post-modern biology: stem cells lead the way", Grand Rounds, Dept. of Medicine, Dartmouth University School of Medicine, Hanover NH, June 28, 2007.
57. "Stem cell plasticity", University of North Carolina School of Medicine, September 10, 2007.
58. "Stem cells, plasticity, and cancer" Grand Rounds, Dept. of Medicine, Division of Digestive Diseases, Beth Israel Medical Center, New York NY, September 12, 2007.
59. "Microscopes and mystics" for "Seeing Kalachakra/Being Kalachakra", co-sponsors: The Cornell Store, Johnson Museum, and Namgyal Monastery Institute of Buddhist Studies. Ithaca NY, September 18, 2007.
60. "Yogic Longevity And Regeneration", with William Bushell, Tibet House, New York NY, September 27, 2007.
61. Liver/Intestine/Kidney Grand Rounds, Mount Sinai School of Medicine, New York NY, October 10, 2007.
62. "Liver stem cells." Early morning breakfast workshop. American Association for the Study of Liver Diseases, Annual meeting, Boston MA, November 2007.
63. Liver Disease Research Seminar, Mount Sinai School of Medicine, New York NY, December 19, 2007.

PAPERS IN PEER-REVIEWED JOURNALS:

1. D'Agati VD, **Theise ND**, Pirani CL, Knowles DM, Appel GB. Interstitial nephritis related to nonsteroidal anti-inflammatory agents and beta-lactam antibiotics: a comparative study of the interstitial infiltrates using monoclonal antibodies. *Modern Pathol* 1989; 2:390-6.
